8. Sınıf İngilizce · 1. Dönem 2. Yazılı Deneme Sınavı

1 a) **4, 1, 5, 3, 2** (Wash → Peel and chop → Fry → Add → Blend) b) For about **thirty minutes**; with **a slice of lemon**. (12 puan)

The recipe uses linkers to show the order: "First" wash the lentils (1), "Then" peel and chop the vegetables (2), "Next" fry the onion (3), "After that" add the lentils, vegetables and water (4), "Finally" blend the soup and add salt (5). The text says "Boil the soup for about thirty minutes" and "Serve it hot with a slice of lemon".

2 1 – **E** · 2 – **B** · 3 – **A** · 4 – **F** · 5 – **D** (extra: C – bake) (12 puan)

In the recipe you peel potatoes and carrots: you remove their skin (E). You chop vegetables "into small pieces" (B). You fry the onion "in butter" (A). You boil the soup in water for thirty minutes, so the liquid gets very hot and bubbles (F). You stir the soup "from time to time" with a spoon (D). C describes "bake", which is not in the recipe.

3 Sample: **First**, take two slices of bread. **Then**, spread butter on them. **Next**, slice a tomato. **After that**, put the cheese and tomato on the bread. **Finally**, cover it with the other slice. (13 puan)

A process is written in the correct order with a linker at the beginning of each step and the verb in the imperative (take, spread, slice, put, cover). "First" starts the process, "Then", "Next" and "After that" continue it, and "Finally" shows the last step. Each correct sentence with a correct linker gets points.

4 1. **F** · 2. **T** · 3. **T** · 4. **F** · 5. **T** (13 puan)

Deniz asks "Can I speak to Selin?", so he wants to talk to Selin, not Mrs. Kaya (F). Mrs. Kaya says Selin is at her piano lesson (T). Deniz says "Yes, please" to leaving a message (T). He asks Selin to call back "after six", not before (F). Deniz says Selin has his number (T).

5 a) **busy** b) **wrong number** c) **hang up** d) **hold on** e) **call back** (extra: put you through) (12 puan)

When someone else is using the line, it is "busy". Calling a person who does not live there means dialling the "wrong number". "Hang up" means ending the call. "Hold on" means wait on the phone. "Call back" means phoning again later. "Put you through" (connect you to someone) is the extra phrase.

6 Sample: **Hi, this is Ali. / Can I speak to Burak, please? / Can I leave a message? / Would you like to come to the cinema with me on Saturday?** (Can you tell him...) (13 puan)

On the phone we introduce ourselves with "This is ..." (not "I am ..."). We ask for someone with "Can/May I speak to ..., please?". When the person is out, we say "Can I leave a message?". An invitation can be made with "Would you like to ...?" or "Let's ...". Any polite and correct sentence that fits the clue gets points.

7 a) **Twice a week**. b) Because she **doesn't like studying late at night**. c) **Cleaning her room**. d) Personal answer, e.g. "I always have breakfast. I never go to bed after midnight." (12 puan)

The text says "I train with the school team twice a week". She does homework first "because I don't like studying late at night". "I can't stand cleaning my room" means she hates it. In d), the frequency adverbs always/never come before the main verb.

8 a) It is about **the internet habits of the eighth graders** (most students go online every day). b) **Watching videos**; **90** students c) **30** students d) **Never share your password. / Don't download files from unknown websites.** (13 puan)

Every sentence of the report gives information about how and why the students use the internet, so the main idea is the students' internet habits. The report says "The most popular activity is watching videos; 90 students...". "Only 30 students said they change their passwords regularly." The teacher's advice is given in quotation marks.
